Suraj Madhusudanan

It all began with a simple mission
between two great friends: create
the world's greatest chocolate
chip cookie.

The rest is history and
baked fresh daily.

Rimadesio

Better Living Through Timeless Design

To improve our lives for future generations, we must first improve our lives today. To do this, we must embrace timeless design. At Rimadesio, we do this through a blend of research, innovation and artistic sensibility, with ecological awareness and a focus on timeless design and better.

Future-ready Living Interiors A Testament To Great Design

To understand living interiors, one must understand human beings. Rimadesio is a human-centric culture, product, company and brand.

Knowledge and progress in the 21st century have revolutionized living solutions that transcend into something better.

The Aesthetic Revolution

Living

Every Rimadesio creation is designed by focusing on individuals and their well-being. Our designs are not design products, but ways towards the good life and beauty.

Technology

Rimadesio creates a focus on technology. From pioneering product design to production and distribution, our focus is on better quality and performance.

Design

Our designs are the foundation of our way of thinking. From research to the final design, every Rimadesio creation is designed to enhance living.

Everlasting Italian Passion

At the core of our existence lies our dedication to your everyday well-being in your environment. To reignite the sensorial delight in the routine chores of the kitchen, we innovate constantly. We design and configure timeless kitchens that last generations and stay unaffected by trends. With our evolving forms and materials, we make cooking a delightful daily affair for you.

Italian Inside

Affluence to Which You Belong

We choose non-toxic, eco-friendly materials and colours to suit your requirements. A thrilling, tough combination of luxury and sustainability is realised by Valucine's Style Department through thorough research.

With us, customising your kitchen of Italian-luxury design couldn't get more exciting and environmentally responsible than now.
